

Dear Mr. Danilow,

Thank you for contacting me regarding funding for programs in the Fiscal Year 2016 appropriations process. I appreciate having the opportunity to learn about your views on issues affecting Northwest Florida and our Nation.

Early each year, the President is required to present a budget proposal to Congress with recommendations for funding the various operations of all federal agencies and government programs for the upcoming fiscal year. While the President's proposal is a starting point, the Constitution grants Congress the authority of determining the final funding amounts to be appropriated.

I understand the gravity of our current budgetary situation. Continuing to rack up record deficit after record deficit is reckless and untenable. As Congress continues to evaluate funding levels for FY16, it is imperative that every federal program is evaluated as we work to ensure that our Nation returns to a path of fiscal responsibility.

As we continually work to address the needs of our country while facing economic challenges and a monumental debt, please know that I will keep your thoughts in mind.
