Dear Mr. Danilow:

Thank you for contacting me regarding the government's surveillance programs.

Protecting Americans' right to privacy and security is important to me. That's why I voted in favor of the USA FREEDOM Act of 2015, which the President signed into law on June 2. This legislation ends the bulk collection of telephone metadata by the NSA and reforms the way the government can access certain records belonging to American citizens. It strikes the right balance between protecting our nation against terrorist attacks and securing fundamental civil liberties.

Please know that I will continue to ensure that surveillance programs receive appropriate oversight and review from Congress and the judiciary.

I appreciate hearing from you. Don't hesitate to contact me in the future.

Sincerely,
Bill Nelson
